Short CV of
Dr Konstantinos D. Koutroumbas

Konstantinos Koutroumbas acquired a degree from the University of Patras, Greece, in Computer Engineering and Informatics, a MSc degree in Computer Science from the Queen Mary College of the University of London, UK and a PhD degree from the Department of Informatics and Telecommunications of the University of Athens. Since 2001 he has been with the Institute for Space Applications and Remote Sensing of the National Observatory of Athens where he served as assistant and (currently) as associate researcher. He has been involved in several research programs and he is a co-author of the books "Pattern Recognition" (1st, 2nd, 3rd and 4th editions) and "Introduction to Pattern Recognition: A MATLAB Approach". He participated in the program committees of several Conferences. He also served as a Guest Editor of a Special issue of the IEEE Transaction on Plasma Science, titled "Space Weather Dynamics and Effects on Technology" (2004). He has over 2000 citations in his research work.
